## Additional Information:

- If you have taken an examination before, then you will need to enter your Candidate ID Number and date of birth to register. This will ensure that your academic records are up-to-date and accurate, and that you will receive certificates for which you may be eligible. Check your contact information carefully and make any necessary updates/corrections.
- If this is the first time you are registering for an examination, then you will need to enter the following information: your date of birth, full name, address, home telephone number, daytime phone number, contact name, and email address.
- If you have Special Needs (e.g. hearing or visual impairment), then please call National Music Certificate Program directly before the application deadline to see if they can be accommodated. You must inform National Music Certificate Program of your special needs each time you register for an examination.
- You will need to provide a Visa or Mastercard credit card number and expiry date to pay the examination fee. After your payment has been approved, you will receive an email confirmation from the third-party provider Mirapay. Be sure that the email address you entered is accurate – the payment confirmation is automatically and immediately sent upon approval of the payment. Once payment has been made, you are registered for the examination and the registration cannot be withdrawn nor can the examination fees be refunded or credited.
- You will be assigned a Confirmation Number and Candidate ID Number (if this is your first examination); be sure to write this information down (e.g., in the inside cover of your repertoire album or syllabus) for future reference or print a copy of the screen.

- If you are doing a piano examination, then you will be given the chance to choose an available timeslot after payment has been processed. Timeslots are available on a first-come, first-served basis. Be sure to print the Examination Program Form after you have registered for your examination. If all timeslots have been taken, then National Music Certificate Program will assign you a timeslot within 2-3 business days. You may also change or view your chosen timeslot (subject to availability) by clicking on “Examination Scheduling” anytime before the registration deadline.
- If you are doing a non-piano practical examination, then you will be scheduled for your examination by National Music Certificate Program. The exact schedule will be available online 4-6 weeks after the application deadline
