If You Cannot Attend Your Examination, then...

Your Centre Representative will place you on a waiting list for any timeslots which become available. Top priority for rescheduling will be given to candidates who cannot attend their examination due to a medical reason or a direct time conflict with a school examination. Other requests will only be considered after all such cases have been accommodated.
- You may be eligible to apply for a Fee Extension (i.e., credit note) for the full examination fee OR a 50% refund of the examination fee. Fee Extensions or 50% refunds are only granted either for medical emergencies or a direct time conflict with a school examination. Requests for Fee Extensions or 50% refunds must be submitted in writing and accompanied by documentation from a doctor or school authority (specifying the date of the school examination which directly conflicts with the practical examination), within two weeks following the missed examination. If granted, Fee Extensions may be used towards payment of another examination within one year. Candidates must apply on-line for the session of their choice to redeem their Fee Extension within the one-year time period.
